IDEALONE
One System That Does It All
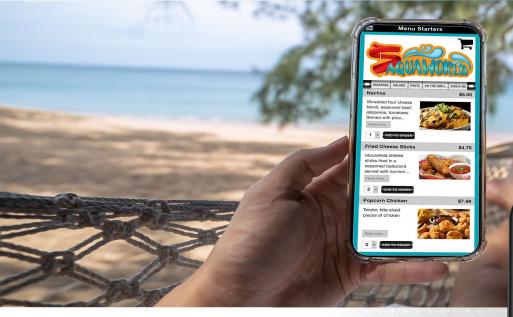

Your own **Branded App** – interact with your customer on their phone in your app.

INCREASE SALES by making it easy for your customer to order food or add value to/manage their cards

DECREASE LABOR by making sales on customer phones instead of lines at counters.

IMPROVE GUEST EXPERIENCE by making it easy to value on each child's card and adding value with a couple of taps, using the saved credit card.

EASY to set up, **EASY** to use.
